EM_SIGN 7 EMERGENCY LUMINARE

EM-SIGN 7 is our range of high-quality LED exit sign luminaires, ideal for contemporary architectural environments and integration into existing installations.

Its versatile mounting options allow for surface or recessed placements. With rear or top cable entry options, surface conduit requirements are easily met, and the product's geometry facilitates concealed cable entry, particularly in stairwell mounting situations.

The flame-retardant clear acrylic plate features a double or single-sided legend, delivering up to a 26m viewing distance and ensuring uniform illumination.

FEATURES

- Wall mounted, surface/ceiling or recessed options
- 26m viewing distance
- Available in a range of colour finishes including brass and chrome effects
- Double and single-sided legend panels
- IP20 ingress protection
- IK07 Impact rating
